3rd International Conference on
PHARMACY AND MEDICINE IN ANCIENT EGYPT
Barcelona, October 25th-26th 2018

PRESENTATION LETTER

WELCOME TO THE THIRD INTERNATIONAL CONFERENCE ON PHARMACY AND MEDICINE IN ANCIENT EGYPT

On behalf of the Organizing and Scientific Committees, we are pleased to invite you to attend the Third International Conference on Pharmacy and Medicine in Ancient Egypt to be held in Barcelona on October 25th and 26th, 2018.

Following our first conference in Cairo (Egypt) in 2007 and a second one in Manchester (UK) in 2008, the next conference was going to be held in Aswan in 2012, but did not materialize.

We are extremely honoured to organize this new conference that will include presentations on new research and advances in the topics covered in the first two conferences.

This meeting will display the most recent pharmaceutical and medical studies on human remains and organic and plant material from ancient Egypt, together with discussions on textual and iconographical evidence related to this subject in order to evaluate the knowledge and advances we have made on the pharmacy, veterinary medicine and human medicine in Ancient Egypt.

The conference program combines plenary sessions, oral communications, posters and discussions which will permit us to establish interdisciplinary collaborations between researchers and research groups interested in these studies.

We look forward to seeing you in Barcelona in 2018 and to enjoying the conference in our lovely Mediterranean city.

The Organizing Committee:

Dr. Rosa Dinarès Solà

Dr. Mikel Fernández

Dr. Maria Rosa Guasch Jané
